

General Terms and Conditions of Sale of FERINOX, Site industriel et portuaire, 69560 Saint-Romain-en-Gal, France

1. General provisions

1.1. These General Terms and Conditions of Sale of FERINOX, a French company registered under number 642 043 277 with the Trade and Corporate Registry of Lyon, having its registered office in Site industriel et portuaire, 69560 Saint-Romain-en-Gal ("Seller") apply exclusively to professionals within the meaning of the introductory article of the French Consumer Code (hereinafter referred to as "Purchasers").

1.2 These General Terms and Conditions of Sale apply exclusively to all contracts concluded between ourselves and the Purchaser concerning the delivery of goods and, in accordance with article L.441-6 of the French Commercial Code, they are the basis for sales negotiations. Terms and conditions of purchase or other terms and conditions of the Purchaser which differ from these General Terms and Conditions of Sale shall not apply unless we have expressly agreed to it in writing. Our silence regarding such terms and conditions which differ from these General Terms and Conditions of Sale shall not be deemed in particular to be consent, and this shall also apply to future contracts.

2. Quotation, conclusion of contracts, scope of delivery

2.1 Our quotations are without engagement and not binding. If the Purchaser places an order based on quotations without engagement, a contract shall be concluded, also in day-to-day business, only upon our written order confirmation if the Purchaser requests such confirmation. In all other cases, the contract shall be concluded by delivery of the goods. If an order confirmation is provided, this alone shall govern the content of the contract, in particular the scope of delivery and date of delivery.

2.2 Prices and performance indications and other declarations or assurances shall be binding for us only if we have made or confirmed them in writing.

2.3 Any documents, drawings, details of weight, samples etc. enclosed with our quotation are only given for information and are not binding.

2.4 We shall only be obliged to deliver from our own stock.

2.5 Estimates of cost, drawings and other documents provided by us shall remain our property. They may not be made accessible to third parties without our prior consent.

3. Quality, dimensions and weights

3.1 Quality and dimensions are determined by the relevant DIN standards or AFNOR equivalent or by the rules applicable to the relevant type of waste according to the list of wastes in the European Union unless otherwise agreed. If no DIN or AFNOR standards or waste code exist, the relevant European Norms shall apply in the absence of trade usages.

3.2 Weights shall be determined by the weighing performed by us or our supplier. The weight shall be proved by presenting the weighting certificate. If admissible by law, weights can be determined without weighing according to DIN.

3.3 The number of units or bundles stated in the advice of dispatch shall not be binding for goods sold on the basis of their weight. If it is not customary to weigh goods individually, the total weight of the consignment shall accordingly apply. Differences in relation to calculated individual weights shall be proportionately allocated to them.

4. Prices

4.1 Prices are euro prices unless otherwise stated and do not include value added tax. This shall be invoiced additionally at the respectively valid rate in accordance with respectively applicable tax provisions.

4.2 Unless otherwise agreed in writing, prices are ex works or ex our warehouse (EXW Incoterms 2010) and do not in particular include packaging and shipping costs and freight.

5. Terms of payment, retention, set-off

5.1 Unless otherwise agreed in writing, all payments shall be made free paying office at the latest within 30 days of the invoice date without deduction. Terms of payment shall be deemed met if the amount is at our disposal within the payment deadline.

5.2 In the event of default in payment, default interest of 9 percentage points above the respective base interest rate of the European Central Bank when the claim for payment becomes due shall be charged. Pursuant to article L.441-6 of the French Commercial Code, the Purchaser who fails to pay on time will have to pay to us a fixed compensation of 40 euros to cover the recovery costs. The right to assert damage in excess of this is reserved.

5.3 The Purchaser shall have no right to refuse to perform its obligations on the grounds of article 1219 and 1220 of the Civil Code. Set-off against disputed claims whose existence has not been recognised by final judgment shall be excluded.

5.4 We shall have the right to request the Purchaser to provide securities or advance payments before our delivery.

6. Retention of title

6.1 We shall retain title to the goods sold until full payment of the entire price (including all related costs and expenses). Pledging of goods subject to retention of title or assignment of them as security shall not be admissible.

6.2 The Purchaser now already assigns to us, by way of precaution, the future claims against its customers arising from resale or rental, without the need for special declarations at a later date, in the event of the resale or rental of the goods subject to retention of title, until payment of all our claims. The assignment shall also cover balance claims resulting from existing current account relationships or from the termination of such relationships of the Purchaser with its customers. If the goods subject to retention of title are resold or rented together with other items, without a unit price being agreed for the goods subject to retention of title, the Purchaser shall assign to us, with priority over the remaining claim, that portion of the total price claimed resp. the total rent which corresponds to the value of the goods subject to retention of title invoiced by us. The Purchaser shall be authorised to collect the assigned claims from resale or rental until this is revoked. The Purchaser shall not, however, have the right to dispose of the assigned claims in another way e.g. by assignment. At our request, the Purchaser shall disclose the assignment to the customer and shall surrender to us the documents required to assert our rights against the customer e.g. invoices and shall provide the required information. All costs of collection and any intervention shall be borne by the Purchaser.

6.3 If the Purchaser processes the goods subject to retention of title, the goods shall remain our property, it being specified that the incorporation in another thing of these goods does not defeat our rights when the different items may be separated without either suffering deterioration. The Purchaser shall keep the new article for us with the due diligence of prudent commercial judgment. If the new article is sold or rented, article 6.2 above shall apply, the claims being assigned in the amount of the value of the processed, transformed or combined goods subject to retention of title invoiced by us. The portion of the claim assigned to us shall have priority over the remaining claim.

7. Delivery, force majeure, delivery subject to own receipt of delivery, storage

7.1 Specified delivery times are not binding unless otherwise agreed in writing and we shall use our best efforts to comply with them. If we agree in writing to be bound by delivery periods, they shall commence upon receipt of the order confirmation by the Purchaser but not before all details about the

execution of the order have been clarified and all other requirements to be fulfilled by the Purchaser are met. Deliveries can be made before the planned delivery date.

7.2 There is force majeure if an event, beyond our control which could not be reasonably foreseen when the Agreement was signed and whose effects cannot be avoided by appropriate measures, prevents or impedes the due performance of our obligations. We shall notify the Purchaser of the force majeure in writing in due time. If the force majeure is only temporary, the performance of our obligations shall be suspended unless the delay which would result from it justifies the termination of the contract (i.e. a delay longer than 14 calendar days). If the force majeure is definitive, the contract shall be terminated in accordance with article 1218 of the French civil Code. Events of force majeure are strikes, lock-outs, official intervention, energy shortages and shortages of raw materials, transport bottlenecks through no fault of our own, company obstructions through no fault of our own, e.g. due to fire and water damage, and damage to machinery, and any other obstructions which, when considered objectively, were not caused by our negligence. There is also force majeure if we do not receive in due time the necessary deliveries or services from our sub-contractors, for reasons for which we are not responsible, to enable us to provide deliveries or services which are due from us under the contract, despite due and sufficient stocking in terms of quantity and quality under our agreement with the Purchaser.

7.3 If a delivery and/or service date or delivery and/or service period is agreed with binding force and the agreed delivery or service date or the agreed delivery or service period is exceeded due to events according to paragraph 7.2 above, the Purchaser shall have the right, if the impossibility to perform our obligations is definitive or if its duration justifies it, to rescind the contract for that part of the contract not yet fulfilled. The customer shall have no further claims, in particular claims for damages, in this case, if we have met our foregoing duty to provide information.

7.4 If shipment is delayed at the Purchaser's request or for reasons, for which the Purchaser is responsible, we shall have the right to store the goods, beginning upon expiry of the reasonable period set in writing or text form in the notice that the goods are ready for shipment, at the Purchaser's risk of loss and deterioration of the goods. We shall have the right to ask for damages regarding the storage of the goods. The stored goods shall only be insured at the Purchaser's specific request.

8. Radioactivity

8.1 The Purchaser shall be obliged to monitor incoming goods with state-of-the-art radioactivity measuring devices before the material is mixed with material from other suppliers.

8.2. If the Purchaser determines that relevant limit values are exceeded, the Purchaser shall notify us immediately in writing and give us the opportunity to carry out our own measurements. If our measuring confirms that relevant limit values are exceeded, we shall assume the costs of this measuring and take back the goods in question at our expense. The requirements of para. 10 and 11 below shall furthermore apply.

9. Passing of risk

9.1 The risk of accidental loss or accidental deterioration of the goods shall pass to the Purchaser upon the delivery item being handed over by us to the forwarding agent, carrier or third parties otherwise appointed to handle the shipment. This shall also apply if partial deliveries are made or we have taken over other services (e.g. shipment or installation).

9.2 If shipment is delayed due to circumstances for which the Purchaser is responsible or the shipment is sent at the Purchaser's request at a date which is later than the agreed delivery date, the risk shall pass to the Purchaser from the date on which the notice is sent stating that the delivery is ready for shipment for the period of the delay. We shall be obliged at the Purchaser's request and expense to take out the insurances requested by the Purchaser.

9.3 Deliveries shall not be insured against theft, breakage, destruction, loss

and fire damage without specific request by the Purchaser. If the Purchaser requests the conclusion of an insurance policy, this shall be concluded at the Purchaser's expense. The Purchaser shall provide any cooperation required.

10. Claims for defects

10.1 The Purchaser shall inspect the goods immediately upon receipt if this is expedient in the ordinary course of business and, if a defect is found, shall notify us immediately in writing. Negotiations on any notices of defects shall not constitute our waiver of the objection that the notice was not in due time, unfounded in fact or otherwise insufficient.

10.2 If the Purchaser fails to provide this notice, the goods shall be deemed approved unless it is a hidden defect. Articles 1641 et seq. of the French civil Code shall furthermore apply.

10.3 Obvious damages sustained during transport, lack of compliance or other defects recognisable already at the time of delivery must also be confirmed by the deliverer's signature on the respective transport document when delivery is accepted. The Purchaser shall ensure that a corresponding confirmation is provided by the deliverer.

10.4 In case the Purchaser discovers a hidden defect, the Purchaser shall notify us of the existence of this defect within two weeks of its discovery, without prejudice to its rights resulting from article 1648 of the French civil Code. Failing that, the Purchaser shall pay to us the amount of 10 % of the respective purchase price as a penalty clause in accordance with article 1231-5 of the French civil Code.

10.5 We shall choose at our option between remedying the defect or supplying an article free of defects. If the option chosen by us fails, the Purchaser shall have the right at its option to make a price reduction or rescind the contract. This shall not affect the right to assert damages according to paragraph 11 of these General Terms and Conditions of Sale. In case of a hidden defect, this article 10.5 is only applicable if the Purchaser is a professional of same business speciality as the Seller; otherwise, statutory dispositions are applicable.

10.6 Claims for defects shall become statute-barred within one year after the risk passes pursuant to paragraph 9 of these General Terms and Conditions of Sale. This article 10.6 shall not apply in case of a hidden defect.

11. Liability

11.1 We shall not be liable, in particular not for claims by the Purchaser for damages or reimbursement of expenses, for whatever legal reason, and/or for breach of duty from the obligation, unless we are liable under section 11.

11.2 We shall be liable without limitation

- in the case of own intentional or grossly negligent breach of duty and intentional or grossly negligent breach of duty by legal representatives or vicarious agents;
- in the event of injury to life, limb and health, caused by us or our legal representatives or vicarious agents;
- where we have assumed a guarantee for the quality of the goods or the existence of an outcome of performance, or a procurement risk;
- in the case of liability regarding defective products or other mandatory statutory liability.

11.3 If we or our vicarious agents are responsible for violation of material contractual obligations and none of the cases specified in paragraph 11.2 above exist, our liability shall be limited in amount to typical and foreseeable damages at the time the contract was concluded.

11.4 Any further liability shall be excluded.

11.5 Exclusion or limitation of liability pursuant to paragraph 11.1 to 11.4 above and paragraph 11.6 shall apply to the same extent for the benefit of our executive and non-executive employees and other vicarious agents as

well as our sub-contractors.

11.6 If the Purchaser is entitled to damage claims according to this paragraph 11, these shall become statute-barred within one year after the risk passes pursuant to paragraph 9 of these General Terms and Conditions of Sale. This paragraph 11.6 shall not apply to Paragraph 11.2 of these General Terms and Conditions of Sale.

11.7 The foregoing provisions do not create any reversal of the burden of proof.

12. Export control, product approval, import regulations

12.1 In the absence of any contractual agreements to the contrary with the Purchaser, the delivered goods are intended for placement on the market for the first time within France or, in the case of delivery agreed outside France, within the agreed country of first delivery (first country of delivery).

12.2 The export of certain goods by the Purchaser may be subject to authorisation e.g. because of their nature or intended purpose or final destination. The Purchaser itself shall be obliged to check this and to comply strictly with the relevant export regulations and embargos for these goods, especially of the European Union (EU), France or other EU Member States and, if applicable, the USA or Asian or Arab countries and all third countries involved, if the Purchaser exports the products supplied by us or has them exported.

12.3 The Purchaser shall in particular check and ensure, and, on request, provide evidence to us that

- the goods provided are not intended for use in armaments, nuclear facilities or weapon technology;
- no companies and persons specified on the US Denied Persons List (DPL) are supplied with original US goods, US software and US technology;
- no companies and persons specified on the US Warning List, US Entity List or US Specially Designated Nationals List are supplied with original US products without relevant authorisation;
- no companies and persons are supplied who are specified on the US List of Specially Designated Terrorists, the US List of Foreign Terrorist Organizations, the US List of Specially Designated Global Terrorists or the EU consolidated list of sanctions and the consolidated list of persons, groups and entities subject to EU financial sanctions or other relevant negative lists for export controls;
- no recipients are supplied that violate other export control regulations, especially of the EU or the ASEAN countries;
- all early-warning indications of the competent French or national authorities of the respective country of origin of the delivery are complied with.

12.4 Goods supplied by us may only be accessed and used if the above-mentioned checks and assurances have been carried out resp. provided by the Purchaser; otherwise the Purchaser must refrain from carrying out the intended export and we shall not be obliged to perform.

12.5 Where goods supplied by us are passed on to third parties, the Purchaser undertakes to oblige such third parties in the same way as specified in para. 12.1-12.4, and to notify them of the need to comply with these legal provisions.

12.6 The Purchaser shall at its own expense ensure, where delivery outside France is agreed, that the goods to be supplied by us comply with all national import regulations of the first country of delivery unless we have expressly assumed this obligation.

12.7 The Purchaser shall indemnify us against all damages and expenses resulting from the negligent breach of the foregoing obligations pursuant to para. 12.1-12.6.

13. Data protection

We store data arising from the contractual relationship in compliance with any local applicable law as well as the GDPR.

14. Final provisions

14.1 Contracts concluded with us may only be transferred to third parties with our written consent. This shall also apply to claims arising from the contracts concluded with us.

14.2 Amendments to and modifications of these General Terms and Conditions of Sale, including this paragraph 13.2, shall only be valid when given in writing.

14.3 Place of performance for deliveries and payments is France.

14.4 Any disputes arising between ourselves and the Purchaser and in connection with the contract shall be settled exclusively before the commercial court of Lyon. We shall also have the right at our option to bring an action against the Purchaser at its place of general jurisdiction.

14.5 These Terms and Conditions of Sale shall be governed by French law, to the exclusion of the UN Sales Convention (CISG).
